ARLINGTON EXPERIMENT FARM
Representative Rixey's bill to set apart a portion of the Arlington estate in the county for experimental farm purposes, and to place that portion under the jurisdiction of the Secretary of Agriculture, has been referred to the committee on military affairs, and ordered to be printed. The enacting clause of the bill is as follows:
"Jurisdiction is hereby transferred and given to the Secretary of Agriculture and his successors in office over so much of the government land in Alexandria, Va., known as the Arlington estate as lies east of the public road leading from the Aqueduct bridge to Alexandria, Va., and between that road and the Potomac river, containing about 500 acres."

"The declared purpose of the act is to set apart this tract of land as a general experimental farm in its broadest sense, where all that pertains to agriculture in its several and different branches, including animal industry and horticulture, may be fostered and encouraged, and the practice and science of farming in the United States advanced, promoted and practically illustrated."

"The Secretary of Agriculture will take immediate and absolute control of the property described, and by clearing, underdraining, grading, laying out proper roads and driveways, constructing proper bridges and buildings, and in other ways as his judgment may dictate, bring the property as rapidly as possible into the proper condition to answer the purposes for which it is set apart."

"In the development, improvement, and management of the property, full discretion is given the Secretary of Agriculture and his successors in office to carry into effect the declared purposes of the act."

"The sum of \$10,000, or so much thereof as may be necessary is hereby appropriated, out of any money in the Treasury not otherwise appropriated, for the purpose of carrying into effect the declared purposes of the act, which shall be in force from its passage."

Mr. Rixey is enthusiastic over the scheme, which will be of great benefit to Alexandria county, should it go into effect, and from the talks he has had with members of both parties, he has every reason to believe that the bill will pass both houses and become a law.

THE WHIPPING POST.—A letter from Richmond says: The Murphy bill re-establishing the whipping post law reported favorably will certainly occasion a lively debate when it comes up in the House. There is no doubt of the fact that sentiment is more in favor of the proposed law than it was two years ago. Some of those who believe the whipping post would result in the cutting down of criminal expenses will fight the bill for the reason that they think its passage would be a bad party policy. Women and men over sixty are exempt from the lash, under the bill, and the magistrate is given discretion as to when to use it, in numbers from five to thirty. The bill has been favorably reported, and the measure will create a very lively contest.

BARGAINS FOR 1898.

Woolen fabrics of all kinds will show very marked advances in the near future and nearly all goods in stock will have to be replenished at much higher cost, but we wish to reduce stock before our annual inventory, February 1st, so we have placed on our front counter a large line of wool dress goods that have been good sellers at 50c, at the low price of 39c. This is a saving of nearly 25 per cent. and makes the goods cheaper than 25c dress goods, as these are much wider, and take smaller quantities for a garment.

On our front counter we have also put a lot of odd patterns of 75c and \$1 dress goods at a large reduction.

A large consignment of rugs, which if unsold, will be returned January 31. To close out this line we will give a special discount of 10 per cent. on Smyrna Rugs, all sizes, Moquette Rugs and Mats.

25 per cent. off on cloaks and capes.
